

Chantel Brown, a graduate of Draughn High School, was awarded the Valdese Rotary Club Scholarship and the Valdese Lions Club Scholarship to aid in her future education at Brown University. Chantel constantly strives to make an impact on the lives of others through tutoring and giving back to her community. She hopes to obtain her bachelor's degree in Applied Mathematics-Biology to gain the skills needed to attend Medical school in which she hopes to acquire both a MD and PhD degree. Before she starts a MD/PhD program she desires to spend a year in Ethiopia providing health care and teaching mathematics.
