CREATING A BRIGHTER FUTURE | 2019 ANNUAL REPORT

Community Foundation
of Burke County

Kelle Huffman

At the end of 2019, the stock markets were at an all-time high and the Community Foundation of Burke County had added eight new donor funds. The analysts projected a positive outlook for 2020, and everything was going as "planned." Then, the unexpected happened and we found ourselves in a "never-dreamed-of" situation with COVID-19 – the virus with no vaccine that spread rapidly throughout the world.

Almost before we could understand the significance of this unprecedented time, we witnessed a huge drop in the market and many aspects of our daily lives changed drastically. Despite a discouraging outlook, our virus-altered landscape created unplanned opportunities for the Foundation. Suddenly, there were even more opportunities to make a difference in our community, opportunities we haven't seen in years, opportunities to embrace change, and maintain a positive perspective.

Unexpectedly, our carefully thought-out plans and schedules for 2020 had to be reworked. We had a decision to make – pause or persevere. With the leadership of Nancy Taylor and collaboration from Burke County United Way, Camp Lake James Stewardship Fund, Grace Episcopal Foundation, Huffman-Cornwell Foundation, Rostan Family Foundation and Western Piedmont Foundation, we chose to persevere. With these collaborative partners, the Foundation established the COVID-19 Community Emergency Response Fund which began disbursing funds to nonprofits the first week of April 2020. We saw a tremendous outpouring of financial support from donors that was beyond our expectations.

The ability of the Foundation to immediately respond to the needs and changes caused by COVID-19 is humbling. It has been a pleasure to serve as President of the Board of Directors of the Community Foundation of Burke County. As I complete my final year and reflect back over the last several years, it is the past few months that have impacted me most. This time has been challenging and inspiring. During these unsettling times, please take time to look for the positives in our world and persevere on your own path to fulfillment and service.

If you or a nonprofit organization you are associated with has needs, please don't hesitate to reach out to the Foundation.

"…opportunities to make a difference in our community; opportunities we haven't seen in many years; opportunities to embrace change, and maintain a positive perspective."

NANCY TAYLOR
EXECUTIVE DIRECTOR

Letter from our Executive Director

Even though we find ourselves in extraordinarily challenging times as we confront "Life with COVID-19" in 2020, it is important to reflect and celebrate the advances made by the Foundation in 2019.

In 2019, our total gifts for charitable purposes increased by fifty-five percent (55%) over the previous year. Total charitable gifts were $1,378,361 for 2019, versus $889,912 for 2018. Twenty-seven percent (27%) of those gifts were directed toward improving human services and twenty-two percent (22%) of those gifts were directed toward charitable purposes. Eighty-five percent (85%) of those gifts remained in Burke County to assist in meeting the needs of our citizens.

In 2019, we also saw an increase of eight new endowed funds that were established at the Foundation, bringing our total number of endowment funds held to 115.

Also, the Foundation continued its commitment to nonprofits who serve Burke County. By hosting scheduled meetings, the organizations were able to share their challenges and needs. As a result, the Foundation responded to the nonprofit leaders' request and created a Nonprofit Directory (found on our website at www.cfburkecounty.org).

In May of 2019, the Board of Directors was honored to welcome Suzanne Friday, the Managing Director, National Standards and Vice President of Legal Affairs for the Council on Foundations. She provided the Board with legal updates that were relevant to community foundations.

In June of 2019, the Foundation moved its offices to 123 North Sterling Street due to needed additional space for growth. Chip Black, Board member and former Board Chair, was recognized for his commitment to the Foundation and gift of office space for the Foundation for seventeen years. There was consensus from the Board that this allowed the Foundation to grow its assets while minimizing expenses.

In September of 2019, the Board of Directors approved and seeded the North Carolina School of Science and Mathematics – Morganton Fund, to support the work and needs, exclusive of capital projects, of the school. These funds were made available through the unrestricted funds held by the Foundation.

Also, in September of 2019, the Foundation implemented scholarship software for students to apply online. Even though it was a tedious and rigorous process, we increased the number of applications submitted by more than one-hundred percent (100%). A total of 551 student applications pursuing a higher education were received.

In the following pages, you will read about the compelling work that the Foundation, the Burke Women's Fund, and the Burke Youth Organized Philanthropists are doing in our community. You will also have the opportunity to become acquainted with some of the 2019 scholarship recipients.

Without the continuing commitment of our donors and community, our work would not be possible. It remains my privilege to serve as your Executive Director.
